

Greetings from District 13. I am sad to report that our Oct 17th face-to-face District meeting has been cancelled. Likewise, elections have been postponed until we can meet again. In the interim, I, Sarah W. have agreed to serve in the capacity of District Representative for one more year, or until an election can take place in 2021. As a District, we feel that even with limited participation, it is a priority to stay connected to the Area and World Service Office as a District. My role as District Representative is required for that. I am hopeful that we will grow again as a District, but sometimes it feels like an uphill climb!
