

AWSC Meeting January 30, 2021
2020 Fall ETAAA Report/Host District 7

The 2020 Fall ETAAA was uniquely challenging and an education in technology to say the least. District 7 has closed out the financial aspect and has returned \$4,268.34 to the area treasurer. This accounts for seed money of \$3500, donations of \$951.34 and expenses (PO Box) of \$183.00.

The hospitality supplies contributed to D7 by D5 will be passed on to the next in person assembly host.

I am receiving feedback from District 7 members on what worked well and what needed improvement for my final report. We welcome others' input as well. Initial response has praised the efforts to accommodate a diverse group with Spanish translation and preassembly virtual and email tutorials. Concern has been expressed that while most of the attendees did take the necessary preparatory steps, there was still ongoing and repetitious counselling and discussions during the assembly that extended the time of the assembly at the deficit of those who were prepared. Good personal leadership means preparation for participation.

Many thanks to the members of District 7 and Area and to Districts 8 and 5 for their support in completing this important election assembly.

Allyn D.

District 7 Representative
