

District 5 Report

Heather N.

01/18/2021

It's a brand-new year that I continue to live one day at a time. Our outgoing and incoming D5 officers and coordinators have been working together as we transition to a new panel. At our December meeting, we approved the 2021 budget as well as set an actual amount for our ample reserve. A process of handling the excess/deficit of the budget was approved to be implemented each March of the new year (i.e. excess/deficit of 2020 budget would be discussed and voted on how to spend/fundraise to zero out the amount). With the pandemic continuing, it was decided to continue the next two district business meetings via Zoom.
