Re: District 9 Report

From: DebiSu Y, District 9 DR

Date: January 16, 2021

I suspect that District 9 is like most other districts as we deal with the unfolding crisis of COVID. We have groups that are meeting on Zoom only, some are meeting in person only (with masks and social distancing), and some hybrid – Zoom *and* face-to-face.

The main news for District 9 is that we have continued to work on the May Assembly. However, at our last Host Committee meeting we decided to hold the assembly virtually. If the Area accepts our recommendation, there will be another meeting to plan for the virtual meeting and the Host Committee will be invited to attend.

Please see the Assembly Report for more information about District 9.
